Adgility™ 6XP & 10XP

Backpack Vacuums

Advance

FACT SHEET

The light-weight Advance Adgility™ XP backpack vacuums deliver a whole new level of comfort, quiet, performance and affordability for multi-surface cleaning in close quarters. Backpack vacuums have long been favored for cleaning offices, classrooms and other facilities with hard and soft flooring and tight spaces in cubicles or between desks. Never before has there been a backpack as comfortable and effective as the Adgility XP.

Featuring the ultimate in ergonomic design, the Adgility XP's premium cushioned harness distributes the weight more evenly and higher on the back than other backpack vacuums. Independent testing by Sweden's Två Ergonomer testing bureau confirms that the Adgility XP's ergonomically advanced harness design results in significantly less operator fatigue and better productivity. The Adgility XP moves with the operator when bending or twisting and feels significantly lighter and more nimble, due to its superb balance.

Both the Adgility 6XP and 10XP are packed with power, but produce a sound level of only 62 dB A. Not only does this quiet performance result in less operator fatigue, but the Adgility XP is quiet enough to use any time of day without fear of disturbing building occupants.

Don't be fooled by their low sound level. These vacuums are powered by a 1,300 watt motor that moves 144 cubic feet of air per minute, and out-cleans its noisier competitors.

The modular design of the Adgility XP allows the operator to separate the tank form the motor department to easily add or change filters. The motors are also interchangeable between both sizes of vacuums.

For green cleaning solutions at a value price, the Adgility XP comes standard with four levels of filtration, plus an optional H.E.P.A. filter that removes 99.97% of dust particulates down to 0.3 microns. The Adgility XP is also green when it comes to emptying the paper dust bag. The bag has a unique SaniSeal™ self-sealing adhesive rim that folds to keep dust inside the bag, allowing for disposal without scattering dirt and dust back into the air.

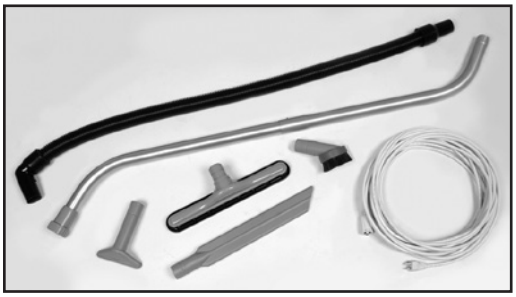
Unlike other backpack vacuums, the filtered air discharge for the Adgility XP is directed back and away from the operator, eliminating a constant blast of warm air on the lower extremities which can contribute to operator fatigue and discomfort. This design also allows the Adgility XP to continue operating if the machine is placed on the floor or another surface.

TYPICAL APPLICATIONS INCLUDE

- Education Buildings
- Office Buildings
- Libraries
- Health Clubs
- Airports / Train Stations / Bus Depots
- Daytime Cleaning

STANDARD FEATURES INCLUDE

- 50 foot yellow safety cord
- Flexible, crush proof 1 ½ inch hose
- 56 inch 2 piece S bend aluminum wand
- 14 inch Quick-Glide floor tool
- Upholstery Nozzle
- Round Dusting Brush
- Crevice Nozzle
- Padded, adjustable belt system
- Built in accessory loops on belt
- Four level filtration – 2 ply paper bag, cloth outer bag, vac motor pre-filter, exhaust filter



OPTIONAL ACCESSORIES INCLUDE

- H.E.P.A. filter
- Scallop carpet floor tool
- Paddle floor tool
- Hard floor brush tool

Adgility™ 6XP & 10XP
Backpack Vacuums

Adgility™ XP fits comfortably on the operator.

Accessory loops keep tools handy while operating.

Cord restraint clips onto the safety cord and holds it in place.

Full dust bag can be sealed before removal to contain all dirt.

Defining Cleaning Innovation…

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Parts.

Technical Specifications

Model	Adgility™ 6XP	Adgility™ 10XP
Motor	110 - 120 V, 60 Hz	110 - 120 V, 60 Hz
Power	1,300 W, 10 amps	1,300 W, 10 amps
Airflow	144 cfm	144 cfm
Suction (waterlift)	99 in (251.46 cm)	99 in (251.46 cm)
Sound Level	62 dB A	62 dB A
Dust Bag Capacity	6 quarts (5.7 L)	10 quarts (9.5 L)
Filter System	4 Level Filter	4 Level Filter
